I can hear a song in every word you're saying
 Kissing you in the dark, the rest of the world is fading
 So how does it feel to be the one, one I'm touching
 I like how it feels to be the one touching you
 And how does it feel to be the one, one I'm loving
 I like how it feels to be the one loving you

Let's live every moment like we own it
 Now forever we're own our side
 Now it doesn't matter, where we going
 Cause tomorrow never dies
 So how does it feel to be the one, one I'm loving
 I like how it feels to be the one loving you

Take my hand and baby we'll go
 Wherever you want to go, you know i'm ready
 Step away into the shadows
 They'll never find us, I know, I know
 Let's live every moment like we own it
 Now forever we're own our side
 Now it doesn't matter, where we going

So how does it feel to be the one, one I'm loving
 I like how it feels to be the one loving you
 Cause tomorrow never dies
 Let's live every moment like we own it
 Cause tomorrow never dies
 So baby let's hold on to forever
 Cause tomorrow never dies
